

रेज़िलियन्ट Resilient INSTITUTE OF HYDRAULICS

(A DIVISION OF RESILIENT TECHNICAL SOLUTIONS PVT LTD)

CORPORATE TRAINING INFORMATION BROCHURE

ENGINEERING YOUR SUCCESS

About the Institute

RESILIENT INSTITUTE OF HYDRAULICS lives a dream to focus on the growth of young minds of this nation towards a unique Learn-and-Earn experience.

The Institute is located at a sprawling factory with excellent facilities.

The faculty consists of eminent experts from the Hydraulics Industry. They have a rich local and international guiding and training experience gained at large corporates.

The Institute has spacious and air-conditioned lecture hall with the most modern teaching aids.

The shopfloor is equipped with modern tools & tackles, latest machinery, and infrastructure for practical sessions and attention for each student....

Currently, no such institute or course exists in the country and Resilient Institute of Hydraulics would be the first to start such a venture.
